Art. 1. Name.

1.1 There is hereby formed among the subscribers, and all other persons who shall become owners of the shares hereafter created, an investment company with variable capital (société d'investissement à capital variable) in the form of a public limited liability company (société anonyme) under the name "Alessia" (the Company).

1.2 Any reference to shareholders of the Company (Shareholders) in the articles of incorporation of the Company (the Articles) shall be a reference to the sole shareholder (the Sole Shareholder) as long as the Company shall have one Shareholder.

Art. 2. Registered office.

2.1 The registered office of the Company is established in the municipality of Koerich, Grand Duchy of Luxembourg.

2.2 It may be transferred to any other place within the Grand Duchy of Luxembourg by a resolution of the general meeting of Shareholders of the Company (the General Meeting), deliberating in the manner provided for amendments to the Articles. It may be transferred within the boundaries of the municipality by a resolution of the board of directors of the Company (the Board).

2.3 The Board shall further have the right to set up offices, administrative centres and agencies wherever it shall deem fit, either within or outside of the Grand Duchy of Luxembourg.

2.4 If extraordinary events of political, economic or social nature, likely to impair the normal activity at the registered office or the easy communication between that office and foreign countries, shall occur or shall be imminent, the registered office may be provisionally transferred abroad until such time as circumstances have completely returned to normal. Such a transfer will have no effect on the nationality of the Company, which shall remain a Luxembourg company. The declaration of the provisional transfer abroad of the registered office will be made and brought to the attention of third parties by the officer of the Company best placed to do so in the circumstances.

Art. 3. Duration. The Company is established for an unlimited duration.

Art. 4. Object of the Company.

4.1 The exclusive purpose of the Company is to invest the assets of the Company in transferable securities and other assets permitted by law in accordance with the principle of risk diversification, within the limits of the investment policies and restrictions determined by the Board pursuant to article 19 hereof, and with the objective of paying out to Shareholders the profits resulting from the management of the assets of the Company, either through distributions or through accumulation of income in the Company.

4.2 The Company may take any measures and execute any transactions that it considers expedient with regard to the fulfilment and implementation of the object of the

Company to the full extent permitted by part I of the act dated 17 December 2010 concerning undertakings for collective investment as well as subsequent amendments and laws in relation thereto (the **2010 Act**).

Art. 5. Share capital, Share classes.

5.1 The capital of the Company will at all times be equal to the total net assets of the Company and will be represented by fully paid-up shares of no par value.

5.2 The minimum capital, as provided by law, is fixed at EUR 1,250,000 (one million two hundred and fifty thousand euros) to be reached within a period of six months as from the authorisation of the Company by the Luxembourg supervisory authority, being provided that shares of a Target Sub-fund held by a Cross-investing Sub-fund (as defined in article 19.7 below) shall not be taken into account for the purpose of the calculation of the EUR1,250,000 minimum capital requirement. Upon the decision of the Board, the shares issued in accordance with these Articles may be of more than one share class. The proceeds from the issue of shares of a share class, less a subscription fee (if any), are invested in transferable securities of all types and other legally permissible assets in accordance with the investment policy as set forth by the Board and taking into account investment restrictions imposed by law.

5.3 The Company has an umbrella structure, each compartment corresponding to a distinct part of the assets and liabilities of the Company (a **Sub-fund**) as defined in article 181 of the 2010 Act, and that is formed for one or more share classes of the type described in these Articles. Each Sub-fund will be invested in accordance with the investment objective and policy applicable to that Sub-fund, the investment objective, policy, as well as the risk profile and other specific features of each Sub-fund are set forth in the prospectus of the Company (the **Prospectus**). Each Sub-fund may have its own funding, share classes, investment policy, capital gains, expenses and losses, distribution policy or other specific features.

5.4 Within a Sub-fund, the Board may, at any time, decide to issue one or more classes of shares the assets of which will be commonly invested but subject to different fee structures, distribution, marketing targets, currency or other specific features. A separate net asset value per share, which may differ as a consequence of these variable factors, will be calculated for each class.

5.5 The Company may create additional classes whose features may differ from the existing classes and additional Sub-funds whose investment objectives may differ from those of the Sub-funds then existing. Upon creation of new Sub-funds or classes, the Prospectus will be updated, if necessary.

5.6 The Company is one single legal entity. However, the rights of the Shareholders and creditors relating to a Sub-fund or arising from the setting-up, operation and liquidation of a Sub-fund are limited to the assets of that Sub-fund. The assets of a Sub-fund are exclusively dedicated to the satisfaction of the rights of the Shareholder relating to that Sub-fund and the rights of those creditors whose claims have arisen in connection with the setting-up, operation and liquidation of that Sub-fund, and there shall be no cross liability between Sub-funds, in derogation of article 2093 of the Luxembourg Civil Code.

5.7 The Board may create each Sub-fund for an unlimited or limited period of time; in the latter case, the Board may, at the expiration of the initial period of time, extend the duration of that Sub-fund one or more times. At the expiration of the duration of a Sub-fund, the Company shall redeem all the shares in the class(es) of shares of that Sub-fund, in accordance with article 8 of these Articles, irrespective of the provisions of article 23 of these Articles. At each extension of the duration of a Sub-fund, the registered Shareholders will be duly notified in writing, by a notice sent to their address as recorded in the Company's register of Shareholders. The Prospectus shall indicate the duration of each Sub-fund and, if applicable, any extension of its duration.

5.8 For the purpose of determining the capital of the Company, the net assets attributable to each class of shares will, if not already denominated in Euro, be converted into Euro. The capital of the Company equals the total of the net assets of all the classes of shares.

Art. 6. Shares.

6.1 Individual, collective and global certificates may be issued; no claim can be made on the issue of physical securities. The Board determines that the Company will only issue shares in registered form.

6.2 All registered shares issued by the Company are entered in the register of Shareholders, which is kept by the Company or by one or more persons designated by the Company. This register contains the names of the owners of registered shares, their permanent residence or elected domicile as indicated to the Company, and the number of registered shares held by them.

6.3 The entry of the Shareholder's name in the register of shares evidences the Shareholder's right of ownership to such registered shares. The Company decides whether a certificate for such entry is delivered to the Shareholder or whether the Shareholder receives a written confirmation of its shareholding.

6.4 Shareholders must provide the Company with an address to which all notices and announcements may be sent. This address will also be entered into the register of Shareholders.

6.5. A Shareholder may, at any time, change the address entered in the register of Shareholders by means of a written notification to the registered office of the Company or to such other address as may be determined by the Company from time to time.

6.6 The Company recognises only one owner per share. If one or more shares are jointly owned or if the ownership of a share or shares is disputed, all persons claiming a right to those shares will appoint one owner to represent those shares towards the Company. The failure to appoint such an attorney results in the suspension of the exercise of all rights attached to such shares.

6.7 The Company may decide to issue fractional shares. Such fractional shares do not carry voting rights, except where their number is so that they represent a whole share, but are entitled to participate in the net assets attributable to the relevant class of shares on a pro rata basis..

Art. 7. Issue of shares.

7.1 The Board is authorised, without limitation, to issue an unlimited number of fully paid up shares at any time without reserving a preferential right to subscribe for the shares to be issued for the existing Shareholders.

7.2 The Board may impose restrictions on the frequency at which shares of a certain class are issued; the Board may, in particular, decide that shares of a particular class will only be issued during one or more offering periods or at such other intervals as provided for in the Prospectus.

7.3 Shares in Sub-funds will be issued at the subscription price. The subscription price for shares of a particular share class of a Sub-fund corresponds to the net asset value per share of the respective share class (see articles 11 and 12) plus any subscription fee, if applicable. Additional fees may be incurred if distributors and paying agents are involved in a transaction. The relevant subscription price may be rounded up or down to the nearest unit of the currency in which it is to be paid, as determined by the Board.

7.4 A process determined by the Board and described in the Prospectus shall govern the chronology of the issue of shares in a Sub-fund.

7.5 The subscription price is payable within a period determined by the Board, which may not exceed a specific number of business days from the relevant valuation day as determined in the Prospectus, determined as every such day on which the net asset value per share for a given class of shares or Sub-fund is calculated (the Valuation Day).

7.6 The Board may confer the authority upon any of its members, any managing director, officer or other duly authorised representative to accept subscription applications, to receive payments for newly issued shares and to deliver these shares.

7.7 The Company may agree to issue shares as consideration for a contribution in kind of assets, in accordance with Luxembourg law, in particular in accordance with the obligation to deliver a valuation report from an auditor (réviseur d'entreprises agréé), and provided that such assets are in accordance with the investment objectives and policies of the relevant Sub-fund. All costs related to the contribution in kind are borne by the Shareholder acquiring shares in this manner.

7.8 Applications for subscription are irrevocable, except - for the duration of such suspension - when the calculation of the net asset value has been suspended in accordance with article 12 of these Articles.

Art. 8. Redemption of shares.

8.1 Any Shareholder may request redemption of all or part of his shares from the Company, pursuant to the conditions and procedures set forth by the Board in the Prospectus and within the limits provided by law and these Articles.

8.2 Subject to the provisions of article 12 of these Articles, the redemption price per share will be paid within a period determined by the Board in the Prospectus, as

determined in accordance with the current policy of the Board, provided that any share certificates issued and any other transfer documents have been received by the Company.

8.3 The redemption price per share for shares of a particular share class of a Sub-fund corresponds to the net asset value per share of the respective share class less any redemption fee, if applicable. Additional fees may be incurred if distributors and paying agents are involved in a transaction. The relevant redemption price may be rounded up or down to the nearest unit of the currency in which it is to be paid, as determined by the Board.

8.4 A process determined by the Board and described in the Prospectus shall govern the chronology of the redemption of shares in a Sub-fund.

8.5 If as a result of a redemption application, the number or the value of the shares held by any Shareholder in any class of shares falls below the minimum number or value that is then determined by the Board in the Prospectus, the Company may decide to treat such an application as an application for redemption of all of that Shareholder's shares in the given share class.

8.6 If, in addition, on a Valuation Day or at some time during a Valuation Day, redemption applications as defined in this article and conversion applications as defined in article 9 of these Articles exceed a certain level set by the Board in relation to the shares of a given share class, the Board may resolve to reduce proportionally part or all of the redemption and conversion applications for a certain time period and in the manner deemed necessary by the Board, in the best interest of the Company. The portion of the non-proceeded redemptions will then be proceeded by priority on the Valuation Day following this period, these redemption and conversion applications will be given priority and dealt with ahead of other applications (but subject always to the foregoing limit).

8.7 The Company may in its discretion satisfy payment of the redemption price owed to any Shareholder, at such Shareholder's request, in specie by allocating assets to the Shareholder from the portfolio set up in connection with the share class(es) equal in value to the value of the shares to be redeemed (calculated in the manner described in article 11) as of the Valuation Day or the time of valuation when the redemption price is calculated if the Company determines that such a transaction would not be detrimental to the best interests of the remaining Shareholders of the relevant Sub-fund. The nature and type of assets to be transferred in such case will be determined on a fair and reasonable basis and without prejudicing the interests of the other Shareholders in the given share class or classes, as the case may be. The valuation used will be confirmed by a special report of the Auditor of the Company. The costs of any such transfers are borne by the transferee.

8.8 All redeemed shares will be cancelled.

8.9 All applications for redemption of shares are irrevocable, except - in each case for the duration of the suspension - in accordance with article 12 of these Articles, when the calculation of the net asset value has been suspended or when redemption has been suspended as provided for in this article.

Art. 9. Conversion of shares.

9.1 A Shareholder may convert shares of a particular share class of a Sub-fund held in whole or in part into shares of the corresponding share class of another Sub-fund; conversions from shares of one class of a Sub-fund to shares of another class of either the same or a different Sub-fund are also permitted, except otherwise decided by the Board.

9.2 The Board may make the conversion of shares dependent upon additional conditions.

9.3 A conversion application will be considered as an application to redeem the shares held by the Shareholder and as an application for the simultaneous acquisition (issue) of the shares to be acquired. The conversion ratio will be calculated on the basis of the net asset value per share of the respective share class; a conversion fee may be incurred. Additional fees may be incurred if distributors and paying agents are involved in a transaction. The prices of the conversion may be rounded up or down to the nearest unit of the currency in which they are to be paid, as determined by the Board. The Board may determine that balances of less than a reasonable amount to be set by the Board, resulting from conversions will not be paid out to Shareholders.

9.4 As a rule, both the redemption and the acquisition parts of the conversion application should be calculated on the basis of the values prevailing on one and the same Valuation Day. If there are different order acceptance deadlines for the Sub-funds in question, the calculation may deviate from this, in particular depending on the sales channel. In particular either:

(a) the sales part may be calculated in accordance with the general rules on the redemption of shares (which may be older than the general rules on the issue of shares), while the purchase part would be calculated in accordance with the general (newer) rules on the issue of shares; or

(b) the sales part is not calculated until a time later in relation to the general rules on share redemption together with the purchase part calculated in accordance with the newer (in relation to the sales part) rules on the issue of shares.

9.5 Conversions may only be effected if, at the time, both the redemption of the shares to be converted and the issue of the shares to be acquired are simultaneously possible; there will be no partial execution of the application unless the possibility of issuing the shares to be acquired ceases after the shares to be converted have been redeemed.

9.6 All applications for the conversion of shares are irrevocable, except - in each case for the duration of the suspension - in accordance with article 12 of these Articles, when the calculation of the net asset value of the shares to be redeemed has been suspended or when redemption of the shares to be redeemed has been suspended as provided for in article 8. If the calculation of the net asset value of the shares to be acquired is suspended after the shares to be converted have already been redeemed, only the acquisition part of the conversion application can be revoked during this suspension.

9.7 If, in addition, on a Valuation Day or at some time during a Valuation Day redemption applications as defined in article 8 of these Articles and conversion applications as defined in this article exceed a certain level set by the Board in relation to the shares issued in the share class, the Board may resolve to reduce proportionally part or all of the redemption and conversion applications for a certain period of time and in the manner deemed necessary by the Board, in the best interest of the Company. The portion of the non-proceeded redemptions will then be proceeded by priority on the Valuation Day following this period, these redemption and conversion applications will be given priority and dealt with ahead of other applications (but subject always to the foregoing limit).

9.8 If as a result of a conversion application, the number or the value of the shares held by any Shareholder in any class falls below the minimum number or value that is then - if the rights provided for in this sentence are to be applicable - determined by the Board in the Prospectus, the Company may decide to treat the purchase part of the conversion application as a request for redemption for all of the Shareholder's shares in the given share class; the acquisition part of the conversion application remains unaffected by any additional redemption of shares.

9.9 Shares that are converted to shares of another share class will be cancelled.

Art. 10. Restrictions on ownership of shares.

10.1 The Company may restrict or prevent the ownership of shares in the Company by any individual or legal entity,

- (a) if in the opinion of the Company such holding may be detrimental to the Company,
- (b) if it may result in a breach of any law or regulation, whether Luxembourg law or other law, or
- (c) if as a result thereof the Company may become exposed to tax disadvantages or other financial disadvantages that it would not have otherwise incurred (such individual or legal entities are to be determined by the Board and are defined herein as Restricted Persons).

10.2 For such purposes the Company may:

- (a) decline to issue any shares and decline to register any transfer of shares, where such registration or transfer would result in legal or beneficial ownership of such shares by a Restricted Person; and
- (b) at any time require any person whose name is entered in the register of Shareholders or who seeks to register the transfer of shares in the register of Shareholders to furnish the Company with any information, supported by affidavit, which it may consider necessary for the purpose of determining whether or not beneficial ownership of such Shareholder's shares rests with a Restricted Person, or whether such registration will result in beneficial ownership of such shares by a Restricted Person; and

(c) decline to accept the vote of any Restricted Person at the General Meeting; and

(d) instruct a Shareholder to sell his shares and to demonstrate to the Company that this sale was made within ten (10) business days of the sending of the relevant notice if the Company determines that a Restricted Person is the sole beneficial owner or is the beneficial owner together with other persons.

(e) If the investor does not comply with the notice, the Company may, in accordance with the procedure described below, compulsorily redeem all shares held by such a Shareholder or have this redemption carried out:

(i) The Company provides a second notice (Purchase Notice) to the investor or the owner of the shares to be redeemed, in accordance with the entry in the register of Shareholders; this Purchase Notice designates the shares to be redeemed, the procedure under which the redemption price is calculated and the name of the acquirer.

Such Purchase Notice will be sent by registered mail to the last known address or to the address listed in the Company's books. This Purchase Notice obliges the investor in question to send the share certificate or share certificates that represent the shares to the Company in accordance with the information in the Purchase Notice.

Immediately upon close of business on the date designated in the purchase notification, the Shareholder's ownership of the shares which are designated in the Purchase Notice ends. For registered shares, the name of the Shareholder is deleted from the register of Shareholders..

(ii) The price at which these shares are acquired (Sales Price) corresponds to an amount determined on the basis of the share value of the corresponding share class on a Valuation Day, or at some time during a Valuation Day, as determined by the Board, less any redemption fees incurred, if applicable. The purchase price is, less any redemption fees incurred, if applicable, the lesser of the share value calculated before the date of the purchase notification and the share value calculated on the day immediately following submission of the share certificate(s).

(iii) The purchase price will be made available to the previous owner of these shares in the currency determined by the Board for the payment of the redemption price of the corresponding share class and deposited by the Company at a bank in Luxembourg or elsewhere (corresponding to the information in the purchase notification) after the final determination of the purchase price following the return of the share certificate(s) as designated in the purchase notification and their corresponding coupons that are not yet due. After the purchase notification has been provided and in accordance with the procedure outlined above, the previous owner no longer has any claim related to all or any of these shares and the previous owner also has no further claim against the Company or the Company's assets in connection with these shares, with the exception of the right to receive payment of the purchase price without interest from the named bank after actual delivery of the share certificate(s). All income from redemptions to which Shareholders are entitled in accordance with the provisions of this paragraph may no longer be claimed and is forfeited as regards the respective share class(es) unless such income is claimed within a period of five years after the date indicated in the purchase notification. The Board is authorised to take all necessary steps to return

these amounts and to authorise the implementation of corresponding measures for the Company.

(iv) The exercise of the powers by the Company in accordance with this article may in no way be called into question or declared invalid on the grounds that the ownership of shares was not sufficiently proven or that the actual ownership of shares did not correspond to the assumptions made by the Company on the date of the purchase notification, provided that the Company exercised the above-named powers in good faith.

10.3 Restricted Persons as defined in these Articles are neither persons who subscribe shares for the duration of their shareholding in connection with the formation of the Company nor securities dealers who subscribe shares in the Company for distribution.

Art. 11. Calculation of net asset value per share.

11.1 The net asset value of each Sub-fund and each class of shares shall be expressed in the reference currency, as a per share figure, and shall be determined in respect of each Valuation Day by dividing the net assets of the Company corresponding to the relevant Sub-fund and class of shares, being the value of the assets of the Company corresponding to such Sub-fund and class of shares less the liabilities attributable to such Sub-fund and class of shares, by the number of outstanding shares of the relevant Sub-fund and class of shares.

11.2 The valuation of the net asset value of each Sub-fund and each class of shares shall be made in the following manner:

The assets of the Company shall be deemed to include:

- (i) all cash on hand or receivable or on deposit, including accrued interest;
- (ii) all bills and notes payable on demand and any amounts due (including the proceeds of securities sold but not yet collected);
- (iii) all securities, shares, bonds, debentures, swaps, options or subscription rights and any other investments and securities belonging to the Company;
- (iv) all dividends and distributions due to the Company in cash or in kind to the extent known to the Company provided that the Company may adjust the valuation for fluctuations in the market value of securities due to trading practices such as trading ex-dividend or ex-rights;
- (v) all accrued interest on any interest bearing securities held by the Company except to the extent that such interest is comprised in the principal thereof;
- (vi) the preliminary expenses of the Company insofar as the same have not been written off; and
- (vii) all other permitted assets of any kind and nature including prepaid expenses.

11.3 The net asset value of the Sub-funds shall be determined in accordance with the following rules:

(a) the value of any cash on hand or on deposit, bills and demand notes and accounts receivable, repaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received is deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof shall be determined after making such discount as may be considered appropriate in such case to reflect the true value thereof;

(b) the value of all securities which are listed or traded on an official stock exchange or traded on any other regulated market will be valued on the basis of the last available prices in Luxembourg on the Valuation Day or on the basis of the last available prices in Luxembourg on the main market on which the investments of the Sub-funds are principally traded. The Board will approve a pricing service which will supply the above prices. If, in the opinion of the Board, such prices do not truly reflect the fair market value of the relevant securities, the value of such securities will be determined in good faith by the Board either by reference to any other publicly available source or by reference to such other sources as it deems in its discretion appropriate;

(c) securities not listed or traded on a stock exchange or a regulated market will be valued on the basis of the probable sales price determined prudently and in good faith by the Board;

(d) securities issued by open-ended investment funds shall be valued at their last available net asset value or in accordance with item (b) above where such securities are listed;

(e) the liquidating value of futures, forwards and options (or any other derivative instruments) not traded on a Regulated Market (as defined in the Prospectus) or on a stock exchange shall mean their net liquidating value determined, pursuant to the policies established in good faith by the Company or its agent (eg, its administrative agent), on a basis consistently applied for each different variety of contracts. The liquidating value of futures, forwards and options (or any other derivative instruments) traded on a Regulated Market or a stock exchange shall be based upon the last available settlement prices of these contracts on the relevant Regulated Market or stock exchange on which the relevant future, forward or option (or any other derivative instrument) is traded provided that if a future, forward or option (or any other derivative instrument) could not be liquidated on the day with respect to which net assets are being determined, the basis for determining the liquidating value of such contract shall be the value the Company or its agent (eg, the Administrative agent) may deem fair and reasonable.

(f) liquid assets and securities or instruments normally dealt in on a money market which are liquid and have a value which can be accurately determined at any time (Money Market Instruments) may be valued at nominal value plus any accrued interest or using an amortised cost method. This amortised cost method may result in periods during which the value deviates from the price the relevant Sub-fund would receive if it sold the investment. The Company may, from time to time, assess this method of valuation and recommend changes, where necessary, to ensure that such assets will be

valued at their fair value as determined in good faith pursuant to procedures established by the Board. If the Board believes that a deviation from the amortised cost per Share may result in material dilution or other unfair results to Shareholders, the Board shall take such corrective action, if any, as it deems appropriate, to eliminate or reduce, to the extent reasonably practicable, the dilution or unfair results;

(g) the swap transactions will be consistently valued based on a calculation of the net present value of their expected cash flows;

(h) all other securities and other permissible assets as well as any of the above mentioned assets for which the valuation in accordance with the above sub-paragraphs would not be possible or practicable, or would not be representative of their fair value, will be valued at fair market value, as determined in good faith pursuant to procedures established by the Board.

11.4 The liabilities of the Company shall be deemed to include:

(a) all borrowings, bills and other amounts due;

(b) all administrative expenses due or accrued including but not limited to the costs of its constitution and registration with regulatory authorities, as well as legal, audit, management, custodial, paying agency and corporate and central administration agency fees and expenses, the costs of legal publications, prospectuses, financial reports and other documents made available to Shareholders, translation expenses and generally any other expenses arising from the administration of the Company;

(c) all known liabilities, due or not yet due including all matured contractual obligations for payments of money or property, including the amount of all dividends declared by the Company for which no coupons have been presented and which therefore remain unpaid until the day these dividends revert to the Company by prescription;

(d) any appropriate amount set aside for taxes due on the date of the valuation and any other provisions of reserves authorised and approved by the Board; and

(e) any other liabilities of the Company of whatever kind towards third parties.

11.5 The Board shall establish a portfolio of assets for each Sub-fund in the following manner:

(a) the proceeds from the issue of each Share are to be applied in the books of the relevant Sub-fund to the pool of assets established for such Sub-fund and the assets and liabilities and incomes and expenditures attributable thereto are applied to such portfolio subject to the provisions set forth hereafter;

(b) where any asset is derived from another asset, such asset will be applied in the books of the relevant Sub-fund from which such asset was derived, meaning that on each revaluation of such asset, any increase or diminution in value of such asset will be applied to the relevant portfolio;

(c) where the Company incurs a liability which relates to any asset of a particular portfolio or to any action taken in connection with an asset of a particular portfolio, such liability will be allocated to the relevant portfolio;

(d) where any asset or liability of the Company cannot be considered as being attributable to a particular portfolio, such asset or liability will be allocated to all Sub-funds prorata to the Sub-fund's respective net asset value at their respective launch dates;

(e) upon the payment of dividends to the Shareholders in any Sub-fund, the net asset value of such Sub-fund shall be reduced by the gross amount of such dividends.

11.6 For the purpose of valuation under this article:

(a) shares of the relevant Sub-fund in respect of which the Board has issued a redemption notice or in respect of which a redemption request has been received, shall be treated as existing and taken into account on the relevant Valuation Day, and from such time and until paid, the redemption price therefore shall be deemed to be a liability of the Company;

(b) all investments, cash balances and other assets of any Sub-fund expressed in currencies other than the currency of denomination in which the net asset value of the relevant Sub-fund is calculated, shall be valued after taking into account the market rate or rates of exchange in force at the date and time for determination of the net asset value of shares;

(c) effect shall be given on any Valuation Day to any purchases or sales of securities contracted for by the Company on such Valuation Day, to the extent practicable; and

(d) where the Board is of the view that any conversion or redemption which is to be effected will have the result of requiring significant sales of assets in order to provide the required liquidity, the value may, at the discretion of the Board be effected at the actual bid prices of the underlying assets and not the last available prices. Similarly, should any subscription or conversion of shares result in a significant purchase of assets in the Company, the valuation may be done at the actual offer price of the underlying assets and not the last available price.

Art. 12. Frequency and temporary Suspension of the calculation of share value and of the Issue, Redemption and Conversion of shares.

12.1 The net asset value of shares issued by the Company shall be determined with respect to the shares relating to each Sub-fund by the Company from time to time, but in no instance less than twice monthly, as the Board may decide.

12.2 During the existence of any state of affairs which, in the opinion of the Board, makes the determination of the net asset value of a Sub-fund in the reference currency either not reasonably practical or prejudicial to the Shareholders of the Company, the net asset value and the subscription price and redemption price may temporarily be determined in such other currency as the Board may determine.

12.3 The Company may suspend the determination of the net asset value and/or the issue and redemption of shares in any Sub-fund as well as the right to convert shares of any Sub-fund into shares relating to another Sub-fund:

(a) during any period in which any of the principal stock exchanges or other markets on which a substantial portion of the assets of the Sub-fund or the relevant class from time to time are quoted or traded is closed otherwise than for ordinary holidays, or during which transactions therein are restricted, limited or suspended, provided that such restriction, limitation or suspension affects the valuation of the assets of the Sub-fund or the relevant class of shares;

(b) where the existence of any state of affairs which, in the opinion of the Board, constitutes an emergency or renders impracticable a disposal or valuation of the assets attributable to a Sub-fund;

(g) where, in the opinion of the Board, circumstances which are beyond the control of the Board make it impracticable or unfair vis-à-vis the Shareholders to continue trading the shares.

12.4 The suspension in respect of a Sub-fund will have no effect on the calculation of the net asset value and the issue, redemption and conversion of the shares of any other Sub-fund.

12.5 Any such suspension may be notified by the Company in such manner as it may deem appropriate to the persons likely to be affected thereby. The Company shall notify Shareholders requesting redemption of their shares of such suspension.

14.8 Any director may participate in any meeting of the Board by conference call or by other similar means of communication allowing all the persons taking part in the meeting to hear and speak to one another. The participation in a meeting by these means is equivalent to a participation in person at such meeting and is deemed to be held at the registered office of the Company.

14.9 The Board can validly debate and take decisions only if the majority of its members is present or duly represented.

14.10 All resolutions of the Board shall require a majority of the directors present or represented at the Board meeting in which the quorum requirements set forth in the present article are met. In case of a tied vote the chairman shall have a casting vote

14.11 Resolutions signed by all directors shall be valid and binding in the same manner as if they were passed at a meeting duly convened and held. Such signatures may appear on a single document or on multiple copies of an identical resolution and may be evidenced by letter or telefax. The date of such circular resolutions shall be the date of the last signature. A meeting of the Board held by way of such circular resolutions is deemed to be held in Luxembourg.

14.12 The decisions of the Board will be recorded in minutes to be inserted in a special register and signed by the chairman or by any two other directors. Any proxies will remain attached thereto.

14.13 Copies or extracts of such minutes which may be produced in judicial proceedings or otherwise will be signed by the chairman or by any two other directors.

Any director who is director or officer or employee of any company, firm or other entity with which the Company shall contract or otherwise engage in business shall not, merely by reason of such affiliation with such other company, firm or other entity be prevented from considering and voting or acting upon any matters with respect to such contract or other business.

14.17 If, a quorum of the Board cannot be reached due to a conflict of interest, resolutions passed by the required majority of the other members of the Board present or represented at such meeting and voting will be deemed valid.

(f) However, each Sub-fund may:

(i) invest up to 10% of its net assets in Transferable Securities and Money Market Instruments other than those referred to under paragraphs (a) to (e) above; and

(ii) hold liquid assets on an ancillary basis.

Risk diversification

(g) In accordance with the principle of risk diversification, the Company is not permitted to invest more than 10% of the net assets of a Sub-fund in Transferable Securities or Money Market Instruments of one and the same issuer. The total value of the Transferable Securities and Money Market Instruments in each issuer in which more than 5% of the net assets are invested, must not exceed 40% of the value of the net assets of the respective Sub-fund. This limitation does not apply to deposits and OTC Derivative transactions made with financial institutions subject to prudential supervision.

(h) The Company is not permitted to invest more than 20% of the net assets of a Sub-fund in deposits made with the same body.

(i) The risk exposure to a counterparty of a Sub-fund in an OTC Derivative transaction may not exceed:

(i) 10% of its net assets when the counterparty is a credit institution referred to in paragraph 19.3, (c); or

(ii) 5% of its net assets, in other cases.

(j) Notwithstanding the individual limits laid down in paragraphs (g), (h) and (i), a Sub-fund may not combine:

(i) investments in Transferable Securities or Money Market Instruments issued by;

(ii) deposits made with; and/or

(iii) exposures arising from OTC Derivative transactions undertaken with;

a single body in excess of 20% of its net assets.

(k) The 10% limit set forth in paragraph (g) can be raised to a maximum of 25% in case of certain bonds issued by credit institutions which have their registered office in an EU Member State and are subject by law, in that particular country, to specific public supervision designed to ensure the protection of bondholders. In particular the funds which originate from the issue of these bonds are to be invested, in accordance with the law, in assets which sufficiently cover the financial obligations resulting from the issue throughout the entire life of the bonds and which are allocated preferentially to the payment of principal and interest in the event of the issuer's failure. Furthermore, if investments by a Sub-fund in such bonds with one and the same issuer represent more than 5% of the net assets, the total value of these investments may not exceed 80% of the net assets of the corresponding Sub-fund.

(l) The 10% limit set forth in paragraph (g) can be raised to a maximum of 35% for Transferable Securities and Money Market Instruments that are issued or guaranteed by an EU Member State or its local authorities, by another OECD Member State, or by public international organisations of which one or more EU Member States are members.

(m) Transferable Securities and Money Market Instruments which fall under the special ruling given in paragraphs (k) and (l) are not counted when calculating the 40% risk diversification ceiling mentioned in paragraph (g).

(n) The limits provided for in paragraphs (g) to (l) may not be combined, and thus investments in Transferable Securities or Money Market Instruments issued by the same body or in deposits or derivative instruments with this body shall under no circumstances exceed in total 35% of the net assets of a Sub-fund.

(o) Companies which are included in the same group for the purposes of consolidated accounts, as defined in accordance with Directive 83/349/EEC or in accordance with recognised international accounting rules, are regarded as a single body for the purpose of calculating the limits contained in paragraphs (g) to (p) of this article 19.3.

(p) A Sub-fund may invest, on a cumulative basis, up to 20% of its net assets in Transferable Securities and Money Market Instruments of the same group.

Exceptions which can be made

(q) Without prejudice to the limits laid down in paragraph (y) of this article 19.3 the limits laid down in paragraphs (g) to (p) are raised to a maximum of 20% for investment in shares and/or bonds issued by the same body if, according to the Prospectus, the investment objective and policy of that Sub-fund is to replicate the composition of a certain stock or debt securities index which is recognised by the Luxembourg supervisory authority, on the following basis:

(i) its composition is sufficiently diversified;

(ii) the index represents an adequate benchmark for the market to which it refers;

(iii) it is published in an appropriate manner.

(r) The above 20% limit may be raised to a maximum of 35%, but only in respect of a single body, where that proves to be justified by exceptional market conditions in particular in Regulated Markets where certain Transferable Securities or Money Market Instruments are highly dominant.

(s) The Company is authorised, in accordance with the principle of risk diversification, to invest up to 100% of the net assets of a Sub-fund in Transferable Securities and Money Market Instruments from various offerings that are issued or guaranteed by an EU Member State or its local authorities, by another OECD Member State, or by public international organisations in which one or more EU Member States are members. These securities must be divided into at least six different issues, with securities from one and the same issue not exceeding 30% of the total net assets of a Sub-fund.

Investment in UCITS and/or other collective investment undertakings

(t) A Sub-fund may acquire the units of UCITS and/or other UCIs referred to in paragraph (b) provided that no more than 20% of its net assets are invested in units of a single UCITS or other UCIs. If the UCITS or the other UCIs have multiple compartments (within the meaning of article 181 of the 2010 Act) and the assets of a compartment may only be used to satisfy the rights of the shareholder relating to that compartment and the rights of those creditors whose claims have arisen in connection with the setting-up, operation and liquidation of that compartment, each compartment is considered as a separate issuer for the purposes of applying the above limit.

(u) In accordance with the relevant special section of the Prospectus of the Company, certain Sub-funds are prohibited from investing more than 10% of their assets in aggregate in units of UCITS and/or other UCIs referred to in paragraph (b) of this article 19.3 in order to satisfy the requirements of article 19.1(e) of the UCITS Directive.

(v) Investments made in units of UCIs other than UCITS may not exceed, in aggregate, 30% of the net assets of the Sub-fund.

When a Sub-fund has acquired units of UCITS and/or other UCIs, the assets of the respective UCITS or other UCIs do not have to be combined for the purposes of the limits laid down in paragraphs (g) to (p) of this article 19.3.

(w) When a Sub-fund invests in the units of other UCITS and/or other UCIs that are managed, directly or by delegation, by the same management company or by any other company with which the management company is linked by common management or control, or by a substantial direct or indirect holding, that management company or other company may not charge subscription or redemption fees on account of the Sub-fund's investment in the units of such other UCITS and/or other UCIs.

If a Sub-fund invests a substantial portion of its assets in other UCITS and/or other UCIs, the maximum level of the management fees that may be charged both to the Sub-fund itself and to the other UCITS and/or other UCIs in which it intends to invest, shall be disclosed in the Prospectus of the Company. The annual report of the Company shall indicate for each Sub-fund the maximum level management fees charged both to the Sub-fund and to the UCITS and/or other UCIs in which the Sub-fund invests.

Tolerances and multiple compartment issuers

(x) If, because of reasons beyond the control of the Company or the exercising of subscription rights, the limits mentioned in this article are exceeded, the Company must have as a priority objective in its sale transactions to reduce these positions within the prescribed limits, taking into account the best interests of the shareholders.

Provided that they continue to observe the principles of risk diversification, newly established Sub-funds may deviate from the limits mentioned under paragraphs (g) to (w) above for a period of six months following the date of their initial launch.

If an issuer of instruments into which the Company may invest according to this article is a legal entity with multiple compartments and the assets of a compartment may only be used to satisfy the rights of the Shareholder relating to that compartment and the rights of those creditors whose claims have arisen in connection with the setting-up, operation and liquidation of that compartment, each compartment is considered as a separate issuer for the purposes of applying the limits set forth under paragraphs (g) to (p), (q) and (t) to (w) of this article 19.3.

Investment prohibitions

(y) The Company is prohibited from:

(ii) acquiring equities with voting rights that would enable the Company to exert a significant influence on the management of the issuer in question;

acquiring more than

10% of the non-voting equities of one and the same issuer;

10% of the debt securities issued by one and the same issuer;

10% of the Money Market Instruments issued by one and the same issuer; or

25% of the units of one and the same UCITS and/or other UCI.

The limits laid down in the paragraph (y)(ii)(B) to (D) may be disregarded at the time of acquisition if at that time the gross amount of the debt securities or of the Money Market Instruments, or the net amount of the securities in issue, cannot be calculated.

Transferable Securities and Money Market Instruments which, in accordance with article 48, paragraph 3 of the 2010 Act are issued or guaranteed by an EU Member State or its local authorities, by another Member State of the OECD or which are issued by public international organisations of which one or more EU Member States are members are exempted from the above limits;

selling Transferable Securities, Money Market Instruments and other assets short;

acquiring precious metals or related certificates;

investing in real estate and purchasing or selling commodities or commodities contracts;

borrowing on behalf of a particular Sub-fund, unless:

the borrowing is in the form of a back-to-back loan for the purchase of foreign currency;

the loan is only temporary and does not exceed 10% of the net assets of the Sub-fund in question;

granting credits or acting as guarantor for third parties. This limitation does not refer to the purchase of Transferable Securities, Money Market Instruments and other assets that are not fully paid up.

Risk management and limits with regard to derivative instruments

(z) The Company must employ (i) a risk-management process which enables it to monitor and measure at any time the risk of the positions and their contribution to the overall risk profile of the portfolio and (ii) a process for accurate and independent assessment of the value of OTC Derivatives.

(aa) Each Sub-fund shall ensure that its global exposure relating to derivative instruments does not exceed the total net value of its portfolio.

The exposure is calculated taking into account the current value of the underlying assets, the counterparty risk, future market movements and the time available to liquidate the positions.

A Sub-fund may invest in financial derivative instruments provided that the exposure to the underlying assets does not exceed in aggregate the investment limits laid down in paragraphs (g) to (p). Under no circumstances shall these operations cause a Sub-fund to diverge from its investment objectives as laid down in the Prospectus.

When a Transferable Security or Money Market Instrument embeds a derivative, the latter must be taken into account when complying with the requirements of this section.

19.4 Co-management and pooling

The Board may, in the best interest of the Company and as described in more detail in the Prospectus, decide that all or part of the assets of the Company or of a Sub-fund will be jointly managed on a separate basis with other assets of other shareholders, including other undertakings for collective investment and/or their Sub-fund or that all or part of the assets of two or more Sub-fund will be managed jointly on a separate basis or in a pool.

19.5 Indirect investments

Investments of any Sub-fund may be directly or indirectly made through wholly-owned subsidiaries of the Company, in accordance with the respective decision made by the Board and as described in detail in the Prospectus. References to assets and investments in these Articles correspond either to investments made directly or to assets held directly for the Company or to such investments or assets that are made or held indirectly for the Company by the above-mentioned subsidiary.

19.6 Techniques and instruments

The Company is authorised, as determined by the Board and in accordance with applicable laws and regulations, to use techniques and instruments that deal with securities and money-market instruments and other assets permitted by law, provided that such techniques and instruments are used for hedging or efficient portfolio management purposes.

19.7 Cross-investments between Sub-funds

A Sub-fund (the **Cross-investing Sub-fund**) may invest in one or more other Sub-funds. Any acquisitions of shares of another Sub-fund (the **Target Sub-fund**) by the Cross-investing Sub-fund is subject to the following conditions:

- (iii) the Target Sub-fund may not invest in the Cross-investing Sub-fund;
- (iv) the Target Sub-fund may not invest more than 10% of its net assets in UCITS (including other Sub-funds) or other UCIs referred to in Article 19.3(a);
- (v) the voting rights attached to the shares of the Target Sub-fund are suspended during the investment by the Cross-investing Sub-fund;
- (vi) the value of the share of the Target Sub-fund held by the Cross-investing Sub-fund are not taken into account for the purpose of assessing the compliance with the EUR1,250,000 minimum capital requirement; and
- (vii) duplication of management, subscription or redemption fees is prohibited.

20.2 The Auditor fulfils all duties prescribed by the 2010 Act.

Art. 21. General meeting of shareholders of the company.

21.5 Shareholders meet when called by the Board pursuant to a notice setting forth the agenda sent at least eight days prior to the meeting to each registered Shareholder at the Shareholder's address in the register of Shareholders. It is not necessary to provide proof at the meeting that such notices were actually delivered to registered Shareholders. The agenda is prepared by the Board, except when the meeting is called on the written request of the Shareholders, in which case the Board may prepare a supplementary agenda.

21.6 If all shares are in registered form and if no publications are made, notices to Shareholders may be sent by registered mail only.

21.7 If all Shareholders are present or represented and consider themselves as being duly convened and informed of the agenda, the General Meeting may take place without notice of meeting.

22.3 The provisions of article 21 of these Articles apply to such general meetings.

22.4 Subject to article 19.7 above, each share is entitled to one vote in accordance with Luxembourg law and these Articles. Shareholders may act either in person or through a written proxy to another person who need not be a Shareholder and may be a director.

Art. 23. Liquidation or merger of sub-funds or share classes.

23.1 In the event that for any reason the value of the total net assets in any Sub-fund or the value of the net assets of any class of shares within a Sub-fund has decreased to, or has not reached, an amount determined by the Board to be the minimum level for such Sub-fund, or such class of shares, to be operated in an economically efficient manner or in case of a substantial modification in the political, economic or monetary situation or as a matter of economic rationalisation, the Board may decide to redeem all the shares of the relevant class or classes at the net asset value per share (taking into account actual realisation prices of investments and realisation expenses) calculated on the valuation day at which such decision shall take effect. The Company shall serve a notice to the holders of the relevant class or classes of shares prior to the effective date for the compulsory redemption, which will indicate the reasons and the procedure for the redemption operations: registered holders shall be notified in writing. Unless it is otherwise decided in the interests of, or to keep equal treatment between the Shareholders, the Shareholders of the Sub-fund or of the class of shares concerned may continue to request redemption of their shares free of charge (but taking into account actual realisation prices of investments and realisation expenses) prior to the date effective for the compulsory redemption.

23.2 Notwithstanding the powers conferred to the Board by the preceding paragraph, the General Meeting of any one or all classes of shares issued in any Sub-fund will, in any other circumstances, have the power, upon proposal from the Board, to redeem all the shares of the relevant class or classes and refund to the Shareholders the net asset value of their shares (taking into account actual realisation prices of investments and realisation expenses) calculated on the valuation day at which such decision shall take effect. There shall be no quorum requirements for such General Meeting of Shareholders which shall decide by resolution taken by simple majority of those present or duly represented and voting at such meeting.

23.3 Assets which may not be distributed to their beneficiaries upon the implementation of the redemption will be deposited with a bank or credit institution as defined by the act dated 5 April 1993 on the financial sector, as amended (the Custodian).

23.4 All redeemed shares will be cancelled.

23.5 Under the same circumstances as provided by the first paragraph of this article, the Board may decide to allocate the assets of any Sub-fund to those of another existing Sub-fund within the Company or to another Luxembourg UCITS or to another sub-fund within such other Luxembourg UCITS (the new Sub-fund) and to redesignate the shares of the class or classes concerned as shares of another class (following a split or consolidation, if necessary, and the payment of the amount corresponding to any fractional entitlement to Shareholders). Appropriate and accurate information on the proposed merger has to be provided to the Shareholders to enable them to make an informed judgement on the impact of the merger on their investment. Where the new Sub-fund is part of a Luxembourg UCITS, this information shall be provided to the Shareholders only after the CSSF has authorised the merger and at least thirty days before the last date for requesting the redemption or, as the case may be, the conversion of Shares without additional charge. The right to redeem or convert Shares without

charge become effective from the moment the Shareholders (and the shareholders of the New Sub-fund being part of a Luxembourg UCITS) have been informed of the proposed merger under article 72 of the 2010 Act and shall cease to exist five Business Days before the date for calculating to exchange ratio.

23.6 Notwithstanding the powers conferred to the Board by the preceding paragraph, a contribution of the assets and of the liabilities attributable to any Sub-fund to another Sub-fund within the Company may in any other circumstances be decided upon by a General Meeting of the Shareholders of the class or classes of shares issued in the Sub-fund concerned for which there shall be no quorum requirements and which will decide upon such an merger by resolution taken by simple majority of those present or represented and voting at such meeting.

23.7 Furthermore, in other circumstances than those described in the first paragraph of this article, a contribution of the assets and of the liabilities attributable to any Sub-fund to another Luxembourg UCITS or to another Sub-fund within such other Luxembourg UCITS shall require a resolution of the Shareholders of the class or classes of shares issued in the Sub-fund concerned taken with a 50% quorum requirement of the shares in issue and adopted at a 2/3 majority of the shares present or represented and voting, except when such an amalgamation is to be implemented with a Luxembourg undertaking for collective investment of the contractual type (fonds commun de placement) or a foreign based undertaking for collective investment, in which case resolutions shall be binding only on such Shareholders who have voted in favour of such amalgamation.
